Fencings the word

Recently we've had a flood of enquires for **fencing**. So to answer your calls we've searched high and low to find the best quality **fencing** material. As of the this month we will stock hardwood **fence** posts in 100x75, & 100x100, and hardwood fence rails in 75x38 4.8m, plus a large range of treated pine palings in 75x15, 100x15, and colonial tops. So next time you are ordering a **fence** please contact your sales representative or one of our friendly sales staff for an extremely competitive price.

As you are well aware times are getting tough and any extra little advantage you have over a competitor could mean the difference in winning or losing a project. Versace Timbers could provide that advantage just by advising on different products for your job. More cost effective and less labour intensive materials are on the market and are sometimes overlooked in the design process. Come and have a chat to the staff and take advantage of the "Recession".
