NEWS FROM THE PRODUCTION TEAM

Production times for frames and trusses is currently running around the 4 week mark, however please call and confirm lead times as they change daily.

There have been some unfortunate issues of late in regards to truss and pre-nail frame deliveries. By law the contract drivers only have to deliver to site and not lift trusses/frames onto top plates or second story floors. When a driver does agree to do this it is of his own volition. As you can appreciate we only use good experienced drivers that will always be as helpful as possible, but in the end it is their decision and if something does go wrong or someone gets injured it is their license at risk. There are plants that will NOT under any circumstances lift trusses, WE try to find a happy middle ground and keep as many people happy as possible however sometimes this isn't always possible. Please keep this in mind.

NEWS FROM THE ACCOUNTS TEAM

Thank-you to everyone who has been doing a great job in regards to paying their account on time. I know that we have said it in the past about the tough economy, but again, if you are having difficulties paying by the due date please let us know.

We also offer customers the chance to have their invoices, statements and newsletters sent out via email. Invoices will then be sent out on a weekly basis, which usually helps to keep track and budget jobs.

If you would like to join the information super highway, please send an e-mail to the accounts department to:-

NEWS FROM THE SALES TEAM

Pricing Movements

Pine prices will increase over the next couple of months due to a shortage of premium lengths in certain sizes and grades; this price increase is **expected** to take effect in December but **won't affect** all sizes and grades. As stated last month this has definitely come as a surprise and is a good indication that the market is starting to move in the right direction. If you do have any quoted jobs coming through that were priced the last few months, please check with your sales reps if the prices will remain current.

Chamfer & Weatherboards

Don't forget our range of external cladding currently in stock, we have 77x21, 128x21, 178x21 Finger jointed pine Losp H3 treated Chamfer boards, as well as 77x19 & 128x19 Hwd Chamfer boards. 170x21x6 Pine W/Boards, 200x25 Western Red Cedar W/boards, as well as 170x22x6 Hwd W/boards. All Pine Products are able to be primed with an (approx) 3-5 day time frame. We can also arrange to match any existing Chamferboard profiles that you may require.

New Products

This month's addition to our hardware range includes: Chrome w/robe rail 19mm dia in 1.8, 2.4 & 3.6 mtr lengths. Also chrome end & centre pillars to suit. Competition Winners!!!!

Congratulations to the winner of last month's competition:-

In what year was the last time that NSW won the State of Origin in a white wash 3-0??

Answer: - 2000 (nearly 10 years Cockies!!)

The following random entry was chosen:

Congratulations: Damo Clohesy (Mair Renovations)

Special mention to David Chown who not only answered correctly but stated date, score, place and the fact that Ryan Girdler was top scorer! Ryan happens to be my FAV player ever!!! Ed.

This month's Competition

Have you seen or heard any of our advertising campaigns in the last four months? We recently did some billboard advertising at some northern suburb sites and a similar advert is about to appear in a magazine being released this month. The person who can come up with all the billboard sites (road address & suburb), the magazine and the page the advertising appears on will receive a bag full of promotional gear, a carton of the new XXXX summer beer and a game of golf for three at Virginia Golf Club. If nobody gets the full six answers all entrants will go into a random draw and three people will be drawn to receive one of the three prizes.

Remember you have to be in it to win it!

Sustainability

Sustainability seems to be on everybody's lips of late and has become an anthem of our generation. We are still in the midst of collating data and redressing processes to enable us to gain "Chain of Custody" certification. Once this has been obtained you will be able to supply certified CoC materials to your clients. Stay tuned.....
