NEWS FROM THE SALES TEAM

Big News

Versace Timbers would like to proudly announce the safe arrival of Nathan Edward Leddy!! A little bundle of joy born on Thursday the 18th of February to proud parents Bill and Kath. The family are doing well and Bill is taking some much deserved leave to care for his expanding family, he will return mid next month.

New Stuff

New products are always hitting our market, some great and some not so great. **Dindas Australia** has certainly hit the nail on the head with their newest hySPAN*product. This particular engineered product will be a direct substitute for F17 KD Hardwood. Dindas Australia has kindly offered to run an information session to introduce this new product and also talk about their design program. This session will be held at the Homestead Tavern Thursday 25th of March at 10am. The session will also include presentations by **Plywood Services** and **Carter Holt Harvey**. The morning will be informal and a question and answer session will follow with some light refreshments. Invites will be posted shortly and earliest possible RSVP's would be greatly appreciated. **Stay ahead of the competition!**

We would also like to welcome a new addition to the trade shop team, Craig Harrich a trainee from TABMA who will be spending the next year under the care and supervision of Phil and his team. Hopefully at the end of the year Craig will join the Versace Timbers family as a full time employee.

New Stock Lines

New Products for the Trade Shop

Alterm - Termite Proof Silicone

Due to popular demand we now have the above silicone in stock. This product is available in 500 gram sausages & 300 gram cartridges.

Recommended uses for the silicone:

- Joining ant capping
- Termite proofing construction joints & saw cuts in concrete slabs
- Termite proofing control joints in brickwork
- Termite proofing tilt slab panels

NEWS FROM THE PRODUCTION TEAM

Recent months have seen production go through the roof (no pun intended) as a result lead times are out considerably, most cases a 6 week lead time is required to supply. We are combating this issue and trying to reign in the lead time by employing three new truss staff and working longer hours. Please note that truss dates are notorious for changing due to unforeseen circumstances and the weather, so please always ask your rep to check lead times at the time of order. Alternatively please call me direct for any further information; Jason Forsdyke 0438 167 858 or jason@versacetimbers.com.au

Versace Timbers - Committed to providing high quality sustainable timber products and outstanding service to the building and construction industry in South East Queensland.

NEWS FROM THE ACCOUNTS TEAM

In recent months it has come to our attention that credit claims from clients are not filtering through quickly enough, thus missing statements etc. To ensure these claims are dealt with efficiently and correctly please forward to the accounts department with any correspondence, fax, or e-mail to:- doug@versacetimbers.com.au

Please stay in contact with the accounts team if you experience any difficulty in paying statements on time.

If you would like have your correspondence, including statements and invoices etc, from Versace sent electronically, please send an e-mail to the accounts department to update your records:- doug@versacetimbers.com.au

Competition Winners!!!!

Congratulations to Alby Kunst from Gemalco Constructions for correctly answering "Canberra & Brisbane" to win last months competition; "Who are the two NRL Teams playing a trial match at Ballymore on Saturday 20th February?"

This month's Competition

To win a \$50.00 Rebel Sport Voucher:-

In the 1995 "State of Origin" series white wash, game two was a low scoring affair with only two points put on the board in 80 minutes of football! Queensland won the game at the Sydney Football Stadium, but who was responsible for the two points?

Hint; the points were received due to a penalty!

Remember you have to be in it to win it!
