NEWS FROM THE PRODUCTION TEAM

We already have plenty of truss and frame orders for January and February. Don't miss out on a production spot; speak to your sales rep as soon as possible. Pine framing is increasing in March, so if you have any jobs quoted from last year that are likely to come about after the end of February, please allow for an increase when drawing up your contracts. Please give you sales rep a call so we can have the job re-quoted.
