**PEDESTRIANS IN THE
WAREHOUSE**

Under The Work Health and Safety Act 2011, as a business we are obligated to ensure the safety of all our workers and any others who enter our premises. As we have become busier it becomes even more important that we control all vehicle and pedestrian activity within our yard and warehouse. Please understand that for safety reasons, that are our legal obligation, we ask that all who enter the warehouse and loading bay be accompanied by one of our staff who will be wearing hi visibility clothing and following our internal procedures. We simply don't want and can't afford to have any accidents occur that we should have been able to prevent by following reasonable and safe practices.

We appreciate your understanding and assistance.
