Manufactured orders in the system are at an all-time high. Please lodge your orders as soon as you have the go ahead to avoid delays. The "Super Cell" which struck last Friday has disrupted our scheduling (see over – GROUND HOG DAY!). Job size makes the difference, so be sure to speak to your sales rep about lead times.

For any further information, please call Corey Kerr 0429 021 297 or e-mail corey@versacetimbers.com.au

So come in and have a look at these great new additions to our timber oils range.

GROUND HOG DAY!

Thanks Mother Nature, you're a real peach! The EPIC weather system the South East copped on Friday the 1st of May was a "once in a 200 year" event. It was certainly something we don't want to experience again. At Versace we were hit hard. We have had damage to our production equipment in particular; this means possible delays in truss and frame production. Please stay in touch with Versace as we endeavour to get things back up and running as soon as possible
