SEE YOUR GP

**MEN'S
HEALTH**
AWARENESS
WEEK
— JUNE —

Life is busy and it can be hard to find the time, but if you haven't seen your GP lately, this is your reminder to book in and ask for the necessary tests!

Do it for your health and your family!

Healthy Male Launches 'See Your GP' Campaign for Men's Health Week.

At the heart of the campaign is a new dedicated website: healthymale.org.au/see-your-gp which provides practical tools to help men get the most out of their doctor's visit. The site includes:

- A GP visit checklist
- Tips for booking appointments
- Guidance on what to bring and which questions to ask
- Alternatives when seeing a doctor in person isn't possible

ACCOUNTS TEAM

If you are having issues with paying your account within terms, please ensure you keep in contact with our Accounts Team. We are required to report to a number of credit authorities on a monthly basis, so if your account becomes well overdue, your credit rating may be affected. If we have information about your situation, we may be able to assist, but if we can't get a hold of you, we may have to take alternative action to collect your overdue debt.

June is the last chance to claim tax deductions for the 2024 / 2025 financial year. Give your Accountant a call, particularly if you are in the market for any new equipment or tools, as you may be eligible for an instant tax write-off.

Versace Timbers first Posi rafter job successfully detailed and manufactured for QLD Housing & Construction. Being the first job (detailed and manufactured) we still were able to provide a high quality product leaving the builder happy with a quick install - the happiness can be seen by the smile on his face.

GERMANY & IRELAND TRIP

Courtesy of Combilift, the suppliers of our CB3000 Multi-Directional, sideloading forklifts, Owen and Graham, along with Jamin Tietz and Brad Cook from Hyne Timber and Jarrod Spearman from K&B Mitre 10 in Adelaide, were invited along to LIGNA 2025 in Hannover Germany and their operations in Monaghan, Ireland.

LIGNA is the world's leading trade fair for the woodworking and wood processing industry with over 1,200 exhibitors, spread over 11 hectares in 10 exhibition halls, 2 pavilions and an open-air site, which is where the Combilift Team presented and demonstrated a range of their forklift trucks.

LIGNA is held every two years and in 2025 they celebrated its 50th anniversary.

The Combilift Operations was founded by Robert Moffett and Martin McVicar in 1998 in Monaghan Ireland, producing eight forklifts in its first year. Combilift are now the largest manufacturer of multidirectional, sideloading and articulated forklifts globally and in 2025 will manufacture their 100,000th forklift. Innovation, flexibility and service is the ethos on which Combilift's success is built and has seen them become the world's fastest-growing forklift manufacturer, exporting to more than 85 countries and having more than 80,000 trucks in operation worldwide.
